Avicol Stops Chicks Dying

Prevents White Diarrhoea

Avicol is easy to give and costs less than a cent a day for an entire flock. There is no trouble to it. You simply drop an Avicol tablet in the chickens' drinking water, then they drink it as they need it. In that way they doctor themselves, without you having to bother with the dosing or administering.

Plant Department As usual, the grooter, the butcher, the candlestick maker jump in the plant business for a few weeks. By quoting ridiculous low prices, attracts a number of orders which quickly swamp their limited shipping facilities and cause long delays and disappointment to the buyer. Finally, in desperation and confusion, the orders are packed in haphazard fashion by careless hands and usually reach destination a package of sickly slips. We mention these facts for the benefit of the inexperienced.
